## What To Do If You Smell Gas in Your Housing Unit

Take your children and pets and leave the apartment right away.

- Do not use your phone (even a cell phone) on the premises. A phone could also create a spark.
- Do not light a match, candle, stove, lighter or turn on a light switch. Do not turn electrical appliances on or off. This could cause a spark that would cause the GAS to ignite.
- Exit the unit immediately, tell your neighbor to do the same if you live in a duplex. Get as far away as possible and call the housing authority.
- Call the Lebanon Housing Authorities after hours emergency phone line 615-829-4026 when you are a safe distance away.
- Don't go back into the building or the area until a housing authority representative or emergency on site personnel has informed you that it is safe.
